

Barnside Flower Farm Fall Market Vendor Application

Thank you for considering being part of our Fall Market. For our Opening Weekend, we invite local businesses to sell their handmade items. Handmade items are very important to our business. I come from a long line of talented crafters and artists. It takes so much time and energy to create beautiful works of art to adorn our homes or use in our daily lives. It is important to collaborate with local artists and crafters to continue to show the value of handmade items.

A brief background of our farm: We opened Barnside Flower Farm in 2019, but have grown mums for about 8 years. We primarily sell cut flowers and sell them to area florists, farmer's markets, and grocery stores. We love hosting our Fall Market because our customers can come and visit our farm which is generally closed to the public. Last year we invited nine vendors and everyone benefited from the Fall Market. Therefore we are happy to include it again this year.
